ABOUT US (NCL)

**SET UP TECHNOLOGY THAT HELPS
BUSINESSES GROW.**

Who We Are ?

Naufal Code Labs is a technology solutions company helping businesses build a stronger digital presence and improve the way they operate.

From professional websites to business automation and AI-powered solutions, we create practical technology designed around real business needs.

Simple solutions. Smart technology.
Built for growth.

WHAT WE DO?

OUR SOLUTIONS

Websites & Apps

Modern websites and custom web applications designed around your business goals.

Business Automation

Connect your tools and automate repetitive processes to save time and improve efficiency.

AI Integration

Integrate AI into your existing workflows to improve productivity, customer experience and business operations.

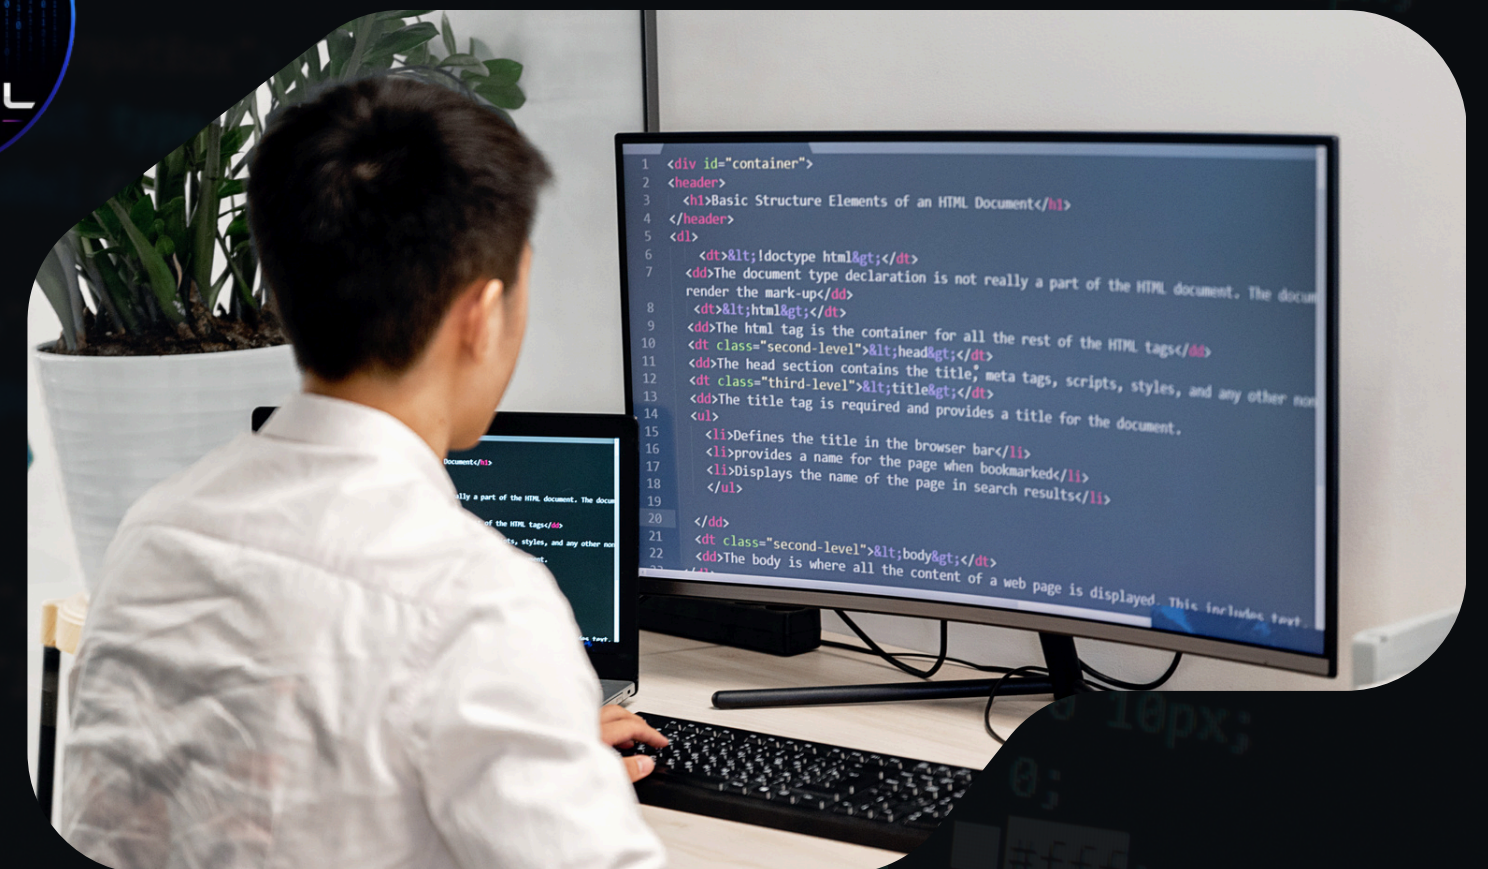

WEBSITES & APPS

Your website is more than just an online presence. It is a place where customers discover your business, understand your services and decide whether to trust you.

We build websites ranging from simple company profiles and landing pages to custom web applications with advanced functionality.

Simple or advanced, we build around your needs.

BUILD YOUR DIGITAL PRESENCE

WORK SMARTER, NOT HARDER

Businesses spend countless hours on repetitive tasks that can be automated.

We connect your existing tools and systems to create workflows that reduce manual work, minimise errors and help your team focus on what matters.

Less repetitive work. More time for your business

Forms → CRM → Email → WhatsApp → Reports

BUSINESS AUTOMATION

AI INTEGRATION

BRING AI INTO YOUR BUSINESS

Customer → AI → Automation → Team

AI is no longer just a chatbot.

We help businesses integrate AI into their existing systems to automate tasks, process information, assist customers and support daily operations.

From AI assistants to intelligent workflows, we help businesses work smarter.
